

TERPENICOL[®]

ANTIFUNGAL SOLUTION

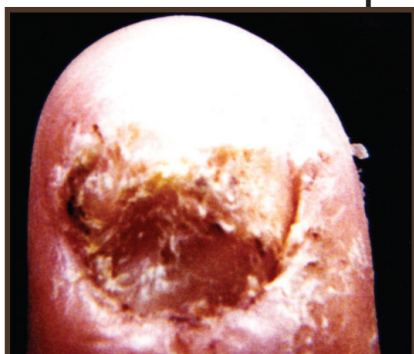

QUALIFYING QUESTIONS:

Q1: What topical product do you dispense to treat **fungal nails**?

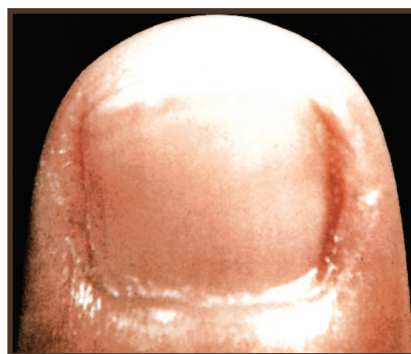

Q2: How many **patients** per week do you see with onychomycosis?

I1: Terpenicol is a **premium antifungal** unlike any other on the market. Terpenicol contains **10-Undecenoic Acid** (25% Undecylenic Acid) as well as powerful terpenes such as **Cymophenol** (Oil of Oregano). In addition, we included **Papaya Extract** (Papain) and **Urea** in order to assist with the debriding.

C1: My clients who have similar practice sizes regularly order a dozen which they receive \$398 additional revenue when dispensed at \$50 a unit to their patients.
