TERPENICOL[®]

ANTIFUNGAL CREAM

is the most powerful antifungal cream out today. It is equipped with a proven formula that has existed for nearly two decades. With five antifungal ingredients, both fungicidal and fungistatic, there is no product on the market better at killing skin fungus.

PRODUCT BENEFITS

- Cream-based antifungal infused with Undecylenic Acid (13%), Urea, Tea Tree Oil, Lavender Oil, and Clotrimazole
- Effectively treats the skin fungus that causes Onychomycosis, Tinea pedis, Tinea cruris, and Tinea corporis
- Added Urea for effective debridement
- Easy-to-dispense applicator tip
