

Destroy Fungus and Bacteria On Contact With Just a Few Sprays

TERPENICOL[®]

S H O E S P R A Y

contains an FDA-registered antifungal ingredient that is proven to kill 99.9% of the bacteria and fungus that cause infections. Our Terpenicol[®] Antifungal Shoe Spray can also be sprayed directly onto the skin safely and dries in just minutes, not hours.

PRODUCT BENEFITS

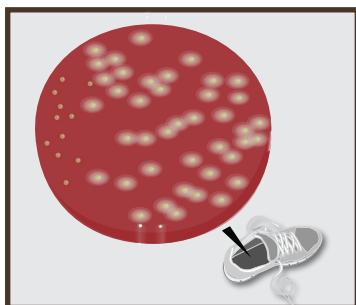

- Aids in the prevention of toenail fungus, fungal infections and reinfections, as well as Athlete's foot (Tinea pedis)
- Utilizes Undecylenic Acid (5%) to destroy 99.9% of the bacteria that causes fungus, on contact
- Penetrates better than powders and aerosols, which leads to longer-lasting protection
- Ideal for treating non-washables (i.e. helmets, gloves, pads, gym bags, etc.)

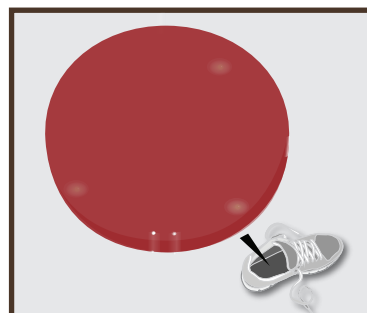

Also available
in antifungal kits

Fungal Care • Skin Care
Wound Care • Pain Management
